Right-brain learning rallies the powers of your intuitive and nonverbal right brain to help you better absorb all kinds of new information in your personal and professional life. Opening up right-brain channels of learning should make you much more adept at absorbing new concepts and mastering complex skills that simply bogged you down before. Even if you're an excellent student and have enjoyed great personal and professional success, you can still benefit from Harary and Weintraub's exercises in Right Brain Learning in 30 Days as a means of enhancing the prowess of your right brain and your overall ability to learn.

The 7th Edition of Gary Christian's Analytical Chemistry focuses on more in-depth coverage and information about Quantitative Analysis (aka Analytical Chemistry) and related fields. The content builds upon previous editions with more enhanced content that deals with principles and techniques of quantitative analysis with more examples of analytical techniques drawn from areas such as clinical chemistry, life sciences, air and water pollution, and industrial analyses.
